The screenshot displays the Royal Society of Chemistry login interface. At the top, a navigation bar includes links for Home, Publishing, ChemSpider, Education, Community, News, and More..., along with a search bar. The main heading is "Log in via your home Institution", with a subtext: "Log in to your Royal Society of Chemistry account using your home institution's login credentials."

Under the heading "Please choose the relevant group for your institution", there is a dropdown menu with "China CERNET Federation" selected and highlighted by a red box. Below this menu, a note states: "(If you previously used the Athens service to log in, please select 'OpenAthens Federation' from the dropdown menu)". A link "Or View all institutions" is provided.

To the right, a section titled "Log in via your home institution (Shibboleth)" contains two bullet points: "Your username and password have been provided to you by your librarian." and "If you would like to log in using another method than Shibboleth, please return to the previous page, and select one of our other login options".

Below the dropdown menu, a list of institutions is shown under the heading "Please choose one of the institutions listed below. If your institutions is not listed, it is not enabled for this type of login". The list includes "China CERNET Federation" and a long list of other universities. "Fudan University" is highlighted with a red box in the list.

The list of institutions includes: Anhui Normal University, Beihang University, Beijing Information Science and Technology University, Beijing Normal University, Beijing University Of Chemical Technology, Beijing University Of Posts and Telecommunications, Beijing University of Technology, Central South University, ChengDu University of Technology, China Agricultural University, China University of Mining and Technology, Chongqing University, Dalian Maritime University, Dalian Medical University, Dalian University of Technology, Donghua University, EAST CHINA NORMAL UNIVERSITY, East China University Of Science And Technology, Fudan University, Fujian Normal University, Guangdong University of Technology, Guangxi University For Nationalities, Guangzhou University, Hangzhou Dianzi University, Hangzhou Normal University, Harbin Institute of Technology, Hefei University of Technology, Heilongjiang University, and Henan University.

### About our publications

The Royal Society of Chemistry publishes 45 peer-reviewed journals, around 2,000 book titles and a collection of online databases and literature updating services.

Our international publishing portfolio covers the core chemical sciences including related fields such as biology, biophysics, energy and environment, engineering, materials, medicine and physics. As a not-for-profit publisher, we reinvest surplus funds back into the global scientific community, supporting our mission to advance excellence in the chemical sciences.
